Academic Session: Aug-Nov, 2026

ACKNOWLEDGEMENT

We would like to express our deep sense of gratitude and respect to our project guide, **Mrs. PRIYANKA**, University Institute of Computing, Chandigarh University, for her valuable guidance, constant encouragement, and constructive feedback throughout the testing and validation phase of this project.

We also extend our sincere thanks to the Head of Department and faculty members of the University Institute of Computing for providing the necessary infrastructure, software resources, and testing environments to successfully conduct the Software Testing Lifecycle (STLC) for the **AI-Based Crop Disease Detection and Recommendation System (CropCare AI)**.

Finally, we express our heartfelt appreciation to our family and friends for their continuous support and cooperation during the preparation of this Mini Project Report.

SUKHLEEN KAUR (Co-Tester & UI/UX Automation Specialist / Database & Performance Test Engineer)
MANINDER KAUR (Lead Tester & ML Quality Assurance Specialist / Automation Testing Engineer)
